

MyChart Mobile COVID Test Information

A COVID-19 activity is available in the MyChart mobile application when using the most updated version for iOS or Android.

1. After logging in to the MyChart mobile app, select the Menu button.
2. Scroll down to My Record section or search the menu for COVID-19.
3. See your current testing status with Baptist Health.

4. Use the Helpful Resources below your testing status to access Baptist Health specific information, Baptist Health testing locations & CDC COVID information

Once COVID tests are finalized by the lab, the results are available immediately in MyChart.
