

Baptist Health

MEDICAL CENTER
Heber Springs

Community Impact Report

Our faith-based, not-for-profit medical center is committed to providing quality patient services and addressing health needs in the communities we serve.

Baptist Health Medical Center-Heber Springs is making an impact in these ways:

- Offering clinic hours to give patients an alternative to the emergency room, thus reducing costs and offering a place for one-stop care
- Enhancing access to health care services in rural areas through rural health clinics in Heber Springs and Greers Ferry
- Offering local access to emergency and primary care as well as diagnostic, surgical and speciality care services to residents of Cleburne County and surrounding areas

The 340B Drug Pricing Program supports BHMC-Heber Springs efforts to expand access to prescription drugs, health education and comprehensive healthcare services.
